Must-Know

Chad Chat, July 2018: Coworker Survey Results

Earlier this year, we had our Coworker Engagement Survey. We encouraged all our coworkers to take part in the survey which provides valuable feedback we need to continue to improve our ministry.

Please watch this short video from Chad, thanking all of our coworkers for participation and sharing just some of our exciting results. More detailed results specific to your hospital or clinic group will be shared at our August OneSpirit Forums, so plan to attend. We look forward to seeing you all there.

Well-Being

Make Healthy Memories Together This August

Summer is almost over & soon enough those kids will be headed back to school. Take advantage of these final days of freedom & take your family on a bike ride or hike. Central Arkansas' Arkansas River Trail has a beautiful bike trail that stretches almost 90 miles throughout the Little Rock, North Little Rock, Maumelle and Conway communities. Biking that far make you queasy inside? Check out Pinnacle Mountain! We'd recommend starting early, but the 60-90 minute hike up the Base Trail is surely worth the view.

Welcome Urogynecologists to Medical Group

An established practice of urogynecologists, Drs. Susan Barr and Sallie Oliphant and APRN Becca Austin, have joined our Medical Group.

What is urogynecology? *Female pelvic medicine and reconstructive surgery, or urogynecology, is a subspecialty dedicated to caring for women with pelvic floor disorders. Our specialists have done extensive additional training to gain the expertise to treat these complex conditions and improve our patients' quality of life.*

We'll be sharing how together we're improving our health ministry and celebrate major milestones in our Living Our Mission journey.

Plus, we'll answer any questions you might have about work underway to come together with Dignity Health.

Can you feel the momentum as our journey continues to become a great place to work and practice medicine? The forums will showcase that energy!
